The AAUW 2015-2016 fiscal year ends
June 30. Renewals are due July 1. Two
ways to renew your membership:

Membership
MADE Easier!

RENEW ONLINE

Online renewal is easy! You SHOULD HAVE received an email notice

from: EONSupport@aauw.org. Just click on the link and renew online with your

credit card.

RENEW BY MAIL

Mail your check of \$83 (National \$49 + State \$18 + Branch \$16) to: AAUW - Santa Fe, Attention: Membership, PO Box 31584, Santa Fe NM 87594

From the Co-President Lina Germann

Bonjour!

I hope you are having a good summer. I write to you from Paris where my family and I are spending some time this summer. The weather has been very pleasant.

On the home front Jeanne ended her day of the Trash and Treasure sale at the hospital where her husband was transferred after having fallen off the roof. He stayed in the hospital for almost a month and now is getting better everyday.

Please give Jeanne a call or drop her a note if you can. Also our deepest sympathies to Bobby Ruggs as she mourns the loss of her husband.

So far 21 out of 111 members have responded to the survey. Thank you for those who have responded and we urge the members who have not done so to please take 10-15 minutes of your time to respond. We are listening. For example, one message came back to us loud and clear is not to have any activities on the 2nd

Wednesday of the month. We will do our best, but sometimes some school-related activities are beyond our control as they are determined by a third party.

Check your email for the link to the survey or go

to: <http://tinyurl.com/AAUWSFsurvey>

I am working on a new calendar view on our website and would like to include all the interest groups meeting dates and any other important dates, so please send your dates to me as soon as you have them. We will do our best to avoid conflicts in scheduling when we have our strategic planning meeting on July 27. This new calendar view will also allow members to print the calendar in a nice way. Stay tuned.

Enjoy your summer.

Lina Germann

STEM UPDATE

Looking for a STEM co-Chair in 2016-2017. Lina will train and guide the new co-chair and hand over the baton by 2017-2018.

STEM Science, Technology,
Engineering, Mathematics **Our next STEM event is our branch sponsoring Expanding your horizons (EYH) conference in Santa Fe. Our sponsorships means we provide many many volunteer hours in addition to some funding. Our branch cannot sponsor this event without your support.**

Currently we have some of our members on the planning committee: Lina Germann, Kate Binns Gomez, Shirley Aune, Mary Jensen and we just awarded two membership to new members on the planning committee Laurel Winter and Jenn Baker.

Volunteers are needed on the day of the conference on October 15, 2016 (note change in date) at Santa Fe Community College. If you can help even for two hours that day, please contact our Volunteer coordinator Shirley Aune <shirleyaune@gmail.com> for more information.

Expanding Your Horizons (EYH) conference is a dynamic conference with the mission to encourage girls in 5th-8th grades to pursue Science, Technology, Engineering and Mathematics (STEM) careers by providing women STEM role

models and hands-on workshops and activities.
