From One of OUR CO-Presidents

After presiding over the Santa Fe Branch of AAUW for two years by myself, I welcome Lina Germann as my co-president. Lina is one person who is so dedicated to advancing education for women. She was born in Beirut, Lebanon. She walked through gunfire by herself as a child just to get to school. Now that is motivation! She received her PhD in Chemistry at Boston College. I remember the first time I saw Lina it was at a Mayor's Forum at the Chavez Community Center in 2006. She was handing out AAUW literature. I was so impressed with her poise that I ended up transferring my membership from the Thousand Oaks California Branch to the Santa Fe Branch.

For me Equal Pay is still the heart and soul of AAUW. Our State President Karyl Lyne received a grant last year to sponsor forums around New Mexico to raise awareness of pay inequity. I believe there were five cases being filed alleging pay inequity right here in New Mexico. Lilly Ledbetter who is the face of pay inequity, hopefully will be making an appearance at our AAUW Regional Conference in June in Albuquerque.

Our Branch has some new programs that we are trying out and we are standing by the tried and true programs. Something old and something new. Our Board is meeting in a new place, the First Citizens Bank at 700 Paseo de Peralta. The bank has a lovely meeting room and is not charging us to meet there. I want to thank Nancy Scheer for facilitating our use of the First Christian Church for many years.

So this year rather than writing about my traumatic childhood visits to Yosemite, I hope I can write about loftier themes related to our mission. I am looking forward to welcoming new members, entertaining new ideas and giving thanks to the 90 or so members who have continued to support the Santa Fe Branch of AAUW over the years.

Jeanne Patrick

The 2015 Santa Fe Fall Expanding Your Horizons Conference was held on Saturday September 19, 2015 at Santa Fe Community College.

On Saturday September 19, 2015, we had a wonderful STEM conference: [Expanding your Horizons conference](#), at Santa Fe Community College. About 160 girls 5th grade to 8th grade attended this conference. This is the third year in a row our branch has organized the event along with the New Mexico Network of Women in Science and Engineering (NMNWSE).

Many thanks to the many AAUW-Santa Fe volunteers who helped make this conference a success: Kate Binns, Shirley Aune, Shelley Rossbach, Sandra Bradley, Luanne Moyer, Elizabeth Moyer, Mary Coffman, Enid Tidwell, Nancy Scheer, Ellen Cerreta, Mary Susan Dryja, Cynthia Dobson, Esther Milnes, Gail Dodge, and Lynn Heffron. Please let me know if I forgot anyone, as we appreciate everything you do and I would like to acknowledge you when writing the final report.

Volunteer Opportunity Careers and Curiosity in Math and Science

Pinon Elementary on Friday November 6.

If you are interested in planning this event or in volunteering that day, please let me know by emailing me at: lsgermann@gmail.com.

Careers & Curiosity in Math and Science is an elementary school event with women presenters who use math and science in their jobs. This format of career fairs has the unstated goals: (1) to give GIRLS role models who are women with careers using math and science, (2) to show the boys careers that use math and science, (3) to send the message for the boys that girls can do math and science.
