Expanding Your Horizons

Save the Date!

Expanding your Horizons (EYH) is a STEM (Science, Technology, Engineering and Math) conference for girls, presented by STEM Santa Fe and hosted at Santa Fe Community College. EYH introduces girls to women scientists and some very cool hands-on projects in a jam-packed fun atmosphere on Saturday October 13th. We are looking for members interested to join the Planning Committee under the leadership of our STEM Chair Lina Germann. Our next planning meeting will be held on July 21st from 10 to 11:30am.

SAVE THE DATE: Volunteers are needed on the conference day to help set up the conference, to chaperone the girls, to check-in the girls at the registration tables, to greet girls, teachers, parents, and presenters, and to help with workshops. Donations of STEM toys and kits for girls 10 to 14-years-old, to present as raffle prizes, are also very welcome!

Contact Lina Germann at Lina.Germann@stemsantafe.org if interested in participating!

AAUW-National News

Bylaw Amendment Voting

AAUW Members voted through June 9th on three proposals for AAUW bylaws amendments presented to the membership. As you know, the AAUW National Board of Directors was strongly in support of all three proposals, as were several state AAUW Boards.

19.8 percent of members voted, significantly above the 5 percent quorum required. We are grateful to every branch and national member who took the time to express your valued opinions by voting. As context, during the 2017 national convention and national vote, just 11.5 percent voted (about 9,400 members), so this is a significant increase this year and a terrific example of members exercising their democratic spirit.

The results from the vote this year are, in summary:

- Proposal #1 to create staggered board terms passed. Staggered terms will affect elected and appointed AAUW Board members starting terms in 2019. More information will be available during the application and election periods in the coming year, and the AAUW Governance Committee will work closely with the AAUW Nominating Committee and staff to ensure a smooth transition.
- Proposal #2 to allow non-AAUW member eligibility to Board did not meet the percentage required to pass.
- Proposal #3 to remove the educational requirement to AAUW membership did not meet the percentage required to pass.
